**Addendum to Journal**

**Friday - 23 January 1959**

Sam Crosby, House Appropriations Committee staff, telephoned to inquire if the Agency could hold itself available to brief the Defense Appropriations Subcommittee at 10:00 a. m. on 28 January 1959. I explained to Mr. Crosby the difficulties in that the Director had a very tight schedule on this but left it that I would check with the Director.

Upon talking with the DCI, he asked if it would be possible to shift the briefing to the following week.
